# CONTENTS

---

## ***Agronomy***

U. Mizushima and A. Kondo :

- Structural difference of chromosomes between a Japanese and an Indian rice variety proved by anomalous mode of segregation in apiculus anthocyanin pigmentation in their hybrid. .... 241

## ***Animal Husbandry***

A. Mori :

- Studies on the reproductive failure of ram caused by underfeeding. I. On the effects of underfeeding upon the mating potency of ram, and the effects of normal feeding upon its recovery from impotence. .... 263

A. Mori :

- Studies on the reproductive failure of ram caused by underfeeding. II. On the effects of feeding milk, pork and eggs to impotent ram. .... 283

H. Shimizu and Y. Sakuma :

- On the out-seasonal production of lambs. I. Hormonal inducing fertility in the anoestrous ewes. .... 289

H. Shimizu, Y. Shoda, K. Kuretani and S. Ugami :

- Biochemical studies on the mammary gland functions. III. Formation of lactose with the rat mammary tissue in vitro. .... 301

H. Shimizu and S. Ugami :

- Biochemical studies on the mammary gland functions. IV. Changes in the catalase activity of the rat mammary gland. .... 307

## ***Fisheries***

K. Numachi :

- Serological studies on relationships among oysters of different genus, species and races. .... 313

## ***Agricultural Chemistry***

A. Fujiwara and M. Okutsu :

- Cultural and physiological studies of the nitrogen fixing blue-green alga, *Nostoc spongiaeforme* AG. II. The influence of the changes of hydrogen ion concentration, illumination and aeration on the growth of the alga. .... 321

A. Fujiwara and M. Tsutsumi :

- Biochemical studies of microelements in green plants. III. On the composition of nitrogenous constituents of the zinc deficient barley leaves and the material exudated from them. .... 327
